

New Solar Homes Partnership Training Seminars

Thursday, August 13, 2015 & Thursday, August 27, 2015

9:00 am – 12:00 pm

9:00 am – 12:00 pm

California Energy Commission

1516 Ninth Street, Charles Imbrecht Hearing Room

Sacramento, CA 95814

The California Energy Commission will be conducting two training seminars on the New Solar Homes Partnership (NSHP). This is an opportunity for all interested parties to learn more about the NSHP program, meet the staff administering the program, and ask questions.

The NSHP program is a \$400 million solar program which provides incentives for the installation of photovoltaic (PV) solar systems on new, energy-efficient homes in California's investor-owned utility electric service territories.

These seminars will be conducted by Energy Commission staff members and will include information on:

- Updates to the NSHP Guidebook (Ninth Edition)
- NSHP energy efficiency requirements
- NSHP Online Application Tool – submitting applications and payment claims electronically
- NSHP CECPV Calculator

Who should attend: solar retailers and installers, homeowners, builders/developers, HERS Raters, energy consultants, and all other parties involved in the design and construction of a new home with a solar energy system.

We strongly encourage interested parties to attend these NSHP training seminars in person. However, for those who are unable to attend in person, WebEx online meeting services will be available.

Seating is limited and registration is required. Please R.S.V.P. to the Renewable Energy Office by e-mail to renewable@energy.ca.gov. Please indicate "NSHP Training Seminar Registration" in the subject line and provide: Participant's Name, Company Name, Title, E-Mail, and Phone Number. Please indicate if you will be participating in person or through WebEx online conferencing, and the date of the seminar you plan to attend.

An application clinic will be held the last hour of the seminar. The application clinic will allow workshop participants to meet one-on-one with NSHP staff and discuss specific application issues. Staff will be available to pre-review NSHP application documents. This application clinic is only available to those individuals participating in person. Space is limited and an appointment must be scheduled when signing in at the event. If you plan on attending the application clinic, please bring NSHP application paperwork with you. For questions regarding these trainings, please contact the Renewables Call Center at (844) 217-4925 or renewable@energy.ca.gov.
